

# WHAT DO ANIMALS EAT?

Do you know what these animals like to eat? Read a book or do some research on the internet to find out! Then, draw the next meal for each animal in the boxes below.

**OWL**

**Did you know** that owls can't roll their eyes around the way humans do? But they can rotate their heads up to 270° to get a good look at their surroundings!

**COW**

**Did you know** that a cow can spend six to eight hours or more each day eating? They have one stomach with four compartments to digest everything they eat!

**SPIDER**

**Did you know** that spider web is made of silk? The strongest silk, such as silk from a golden orb spider, is stronger than steel!

**GRIZZLY BEAR**

**Did you know** that the large hump on the grizzly bear's shoulders is actually a powerful muscle, which it uses to power its forelimbs, especially for digging!

**RABBIT**

**Did you know** that when a rabbit is happy it will hop and do a twist in mid-air? This adorable action is called a "binky".

# WHAT DO YOU EAT?

Now it's your turn to make your own snack. Follow this simple recipe to prepare yourself a peanut butter and banana sandwich! It's super easy to make and even more delicious to eat.

## INGREDIENTS

- Peanut Butter
- 1 Banana
- 1 or 2 slices of bread

## INSTRUCTIONS

1. Peel the banana and slice it into little circles
2. Spread the peanut butter evenly on a slice of bread
3. Place the slices of banana on top of the peanut butter
4. Eat the sandwich open-faced OR place another piece of bread over the bananas before eating!

## TOP TIP

Have some fun by getting creative with how you place the ingredients! Using the banana slices and other ingredients such as blueberries and nuts, can you make the face of a bear or a monkey like the examples shown in the picture?
